

**AstraZeneca HealthCare Foundation**  
National Breast Cancer Awareness Month (NBCAM)  
2014 Charitable Contributions

Recipient Organization	Goal	Grant Amount
American Cancer Society, Inc. in Philadelphia, PA	To increase breast cancer awareness, educational and survivorship activities, including programs such as "Cancer Resource Network" which provides support for patients and caregivers 24/7, 365 days a year and "Look Good Feel Better," that helps women patients improve their appearance and self-image by teaching them hands on beauty techniques to manage side effects of treatment.	\$5,000
American College of Obstetricians and Gynecologists in Washington, DC	To increase breast cancer awareness and education through the production and distribution of free educational publications and through social media outreach.	\$5,000
American Medical Women's Association Inc. in Reston, VA	To increase breast cancer awareness through activities including the distribution of breast cancer education materials, hosting health fairs and providing resources for providers to educate patients via the launch of a public campaign during October's National Breast Cancer Awareness Month and during Women's Health Awareness Week.	\$5,000
Cancer Care Inc. in New York, NY	To increase breast cancer awareness and support CancerCare's free, professional support services for breast cancer patients, including individual counseling and support groups, educational workshops and publications, wig and breast prosthesis clinics, financial assistance for treatment-related needs and referrals to other sources of help.	\$5,000
The Conquer Cancer Foundation of the American Society of Clinical Oncology in Alexandria, VA	To increase breast cancer awareness and education through the Patient and Family Support Fund, which provides for the production and distribution of educational materials that inform patients and their families on key issues, information, and advances in cancer, and through support of <a href="http://www.cancer.net">www.cancer.net</a> , ASCO's educational website which serves as a comprehensive online resource that people with cancer, their loved ones, and healthcare professionals use to make informed decisions about cancer care and treatment.	\$5,000
Men Against Breast Cancer in Adamstown, MD	To provide educational programming to help men be effective and supportive caregivers when breast cancer strikes a woman he loves and their family.	\$5,000
National Medical Association Inc. in Silver Spring, MD	To collaborate with compatible African American organizations to increase breast health and breast cancer awareness among women of color through the dissemination of breast cancer and breast health educational materials, conducting programs and events in communities of color, and gathering and distributing resource materials to patients and survivors.	\$5,000
Prevent Cancer Foundation in Alexandria, VA	To provide breast health education, screening and guarantees of treatment to medically underserved Latinas in the Washington, DC metropolitan area, through "Celebremos la Vida!" a program which has operated over the past 21 years.	\$5,000
Susan G. Komen Breast Cancer Foundation in Dallas, TX	To support breast cancer education and awareness activities.	\$5,000
		<b>\$45,000</b>
