

AstraZeneca HealthCare Foundation
National Breast Cancer Awareness Month (NBCAM)
2015 Charitable Contributions

Recipient Organization	Goal	Grant Amount
American Cancer Society, Inc. in Philadelphia, PA	Through a partnership with NBCAM, the American Cancer Society will work to increase breast cancer awareness, educational and survivorship activities. ACS will continue to provide support programs such as <i>Look Good Feel Better</i> that helps women improve their appearance and self-image by teaching them techniques to manage side effects of treatment and the Cancer Resource Network which provides support 24/7 at 800-227-2345 or cancer.org.	\$5,000
American College of Obstetricians and Gynecologists in Washington, DC	To increase breast cancer awareness and education through the production and distribution of free educational publications and through social media outreach.	\$5,000
American Medical Women's Association Inc. in Reston, VA	To increase breast cancer awareness through public education efforts and through provider education at AMWA meetings, and to help in the distribution and production of educational materials for patients and the lay public.	\$5,000
CancerCare Inc. in New York, NY	To increase breast cancer awareness and support CancerCare's free, professional support services for breast cancer patients, including individual counseling and support groups, educational workshops and publications, wig and breast prosthesis clinics, financial assistance for treatment-related needs and referrals to other sources of help.	\$5,000
The Conquer Cancer Foundation of the American Society of Clinical Oncology in Alexandria, VA	To increase breast cancer education and awareness through the Patient and Family Support Fund, which provides for the production and distribution of educational materials that inform patients and their families on key issues, information, and advances in cancer, and through support of supports www.cancer.net , ASCO's educational website, which serves as a comprehensive, oncologist-approved, online resource that people with cancer, their loved ones, and healthcare professionals use to make informed decisions about cancer care and treatment. Free resources available on the website include the ASCO Answers Guide to Breast Cancer booklet and ASCO Answers Fact Sheet on Breast Cancer .	\$5,000
Men Against Breast Cancer in Adamstown, MD	To provide educational programs and materials to educate and empower men to be effective caregivers for the women in their lives when breast cancer strikes a female loved one.	\$5,000
National Medical Association Inc. in Silver Spring, MD	The National Medical Association will engage its more than 90 local societies to work independently and in partnership with community-based organizations to conduct breast health and breast cancer education and awareness programs targeted to women, especially young women of color. Resource materials will be disseminated at every occasion.	\$5,000
Oncology Nursing Society Foundation in Pittsburgh, PA	To increase breast cancer awareness by supporting nurse directed patient and community focused educational programs across the United States.	\$5,000
Prevent Cancer Foundation in Alexandria, VA	To provide breast health education, screening and guarantees of treatment to medically underserved Latinas in the Washington, D.C. metropolitan area, through "Celebremos la Vida!" a program which has operated over the past 21 years.	\$5,000
Susan G. Komen Breast Cancer Foundation in Dallas, TX	To support various Komen activities during the month of October, such as the development and publication of educational resources, including online content, that are tailored to reach underserved populations across the United States. Most importantly, this support helps us get closer to our goal of a world without breast cancer.	\$5,000
Total:		\$50,000
