

**AstraZeneca HealthCare Foundation**  
National Breast Cancer Awareness Month (NBCAM)  
2016 Charitable Contributions

Recipient Organization	Goal	Grant Amount
American Cancer Society, Inc. in Philadelphia, PA	Through a partnership with NBCAM, the American Cancer Society will work to increase breast cancer awareness, educational and survivorship activities. ACS will continue to provide support programs such as <i>Look Good Feel Better</i> that helps women improve their appearance and self-image by teaching them techniques to manage side effects of treatment and Cancer Resource Network which provides support 24/7 at 800-227-2345 or cancer.org.	\$4,841.90
American College of Obstetricians and Gynecologists in Washington, DC	To bring greater breast cancer awareness to our Fellows and their patients through social media outreach and the provision of educational materials.	\$4,841.90
American Medical Women's Association Inc. in Reston, VA	To provide education to the public regarding breast cancer screening through distribution of materials during Women's Health Week and/or Breast Cancer Awareness Month, and education to providers regarding breast cancer screening and/or treatment through conferences and events.	\$4,841.90
CancerCare Inc. in New York, NY	To increase breast cancer awareness and support CancerCare's free, professional support services for breast cancer patients, including individual counseling and support groups, educational workshops and publications, wig and breast prosthesis clinics, financial assistance for treatment-related needs and referrals to other sources of help.	\$4,841.90
The Conquer Cancer Foundation of the American Society of Clinical Oncology in Alexandria, VA	To increase breast cancer education and awareness through support of the Patient and Family Support Fund, which provides for the production and distribution of educational materials that inform patients and their families on key issues, information, and advances in cancer, and through support of <a href="http://www.cancer.net">www.cancer.net</a> , ASCO's educational website, which serves as a comprehensive, oncologist-approved, online resource that people with cancer, their loved ones, and healthcare professionals use to make informed decisions about cancer care and treatment. Free resources available on the website include the <a href="#">ASCO Answers Guide to Breast Cancer</a> booklet and the <a href="#">ASCO Answers Fact Sheet on Breast Cancer</a> , along with multimedia content (videos and podcasts) on various topics related to breast cancer care and treatment.	\$4,841.90
Men Against Breast Cancer in Adamstown, MD	To continue to provide educational materials and programming to educate and empower men to be there for the women they love when they are battling breast cancer.	\$4,841.90
National Medical Association Inc. in Silver Spring, MD	To collaborate with African American and other minority organizations to increase breast cancer awareness among women of color through the dissemination of breast cancer and breast health educational materials and conducting programs in communities of color. We will also produce and/or gather and distribute breast cancer resource materials.	\$4,841.90
Oncology Nursing Society Foundation in Pittsburgh, PA	To increase breast cancer awareness by supporting nurse directed patient- and community-focused educational programs across the United States.	\$4,841.90
Prevent Cancer Foundation in Alexandria, VA	The ¡Celebremos la Vida! (Let's Celebrate Life!) program provides linguistically and culturally appropriate breast health services to medically underserved Latinas in the Washington, DC metropolitan area. Services include: breast health education, screening, mammograms, patient navigation and guarantees free- to low-cost treatment through networks with local clinics and hospitals. This program has proved its value over the past 22 years, as measured by high participant satisfaction and return rates.	\$4,841.90
Susan G. Komen Breast Cancer Foundation in Dallas, TX	To support various Komen activities during the month of October, such as the development and publication of educational resources, including online content, that are tailored to reach underserved populations across the U.S., as well as support Komen's research portfolio with a key focus around metastatic breast cancer aimed to improve the quality of life and outcomes for those women and families affected by the disease. Most importantly, this support helps us get closer to our goal of a world without breast cancer.	\$4,841.90
<b>Total:</b>		<b>\$48,419.00</b>
