2021 Grant Awardees

Recipient Organization	Program Description	Grant Amount
Camino Health Center [Camino Community Development Corporation Inc.] (Charlotte, NC)	<i>Camino Vida</i> Aims to reduce the risk of cardiovascular disease in individuals living with chronic disease, including hypertension, type-2 diabetes and metabolic syndrome, through individualized, culturally sensitive healthy eating and physical activity plans offered by health professionals in a trusted community setting.	\$150,000
Catherine's Health Center (Grand Rapids, MI)	<i>Healthy Heart Team/Whole Hearts</i> Aims to combine outreach, education and screening with team-based, patient-centered care and on-site counseling, treatment and support for underlying mental health issues to help low-income, underserved individuals participate in health promotion/disease prevention activities to overcome complex obstacles and achieve better cardiovascular and overall health. <i>Peer-to-Peer Mentor for newly funded organizations.</i>	\$55,000
Charitable Pharmacy of Central Ohio (Columbus, OH)	<i>Farmacy in the City: Cardiovascular Care at a co-located Charitable Pharmacy and Fresh Market</i> Aims to reduce cardiovascular morbidity and mortality risk by helping reduce body weight and blood pressure and optimizing medication in underserved patients with existing cardiovascular disease, obesity or hypertension. The program pairs healthy, fresh produce with pharmacy care and follow up through a partnership with the Charitable Pharmacy of Central Ohio and a fresh food market.	\$149,700
Good News Clinics Inc. (Gainesville, GA)	<i>Healthy Hearts 4 Life</i> Aims to screen and identify patients with cardiovascular disease as well as patients with risk factors and health behaviors that have a negative impact on cardiovascular health and provide medical treatments and behavioral counseling to help patients make lifestyle changes that lead to improved health outcomes.	\$149,935
HealthVisions Midwest Inc. (Hammond, IN)	<i>HEART (Healthy Eating, Active Living, Reduce Stress, Test your Numbers)</i> Aims to reduce the risk of cardiovascular disease of low-income, underserved communities through a comprehensive wellness program of healthy eating, physical activity, disease self-management skills, medical services and personalized care planning. The program addresses barriers to increase physical activity and consumption of healthy foods, as well as improve self-management skills, health literacy and clinical outcomes.	\$149,676

Oklahoma City Indian Clinic (Oklahoma City, OK)	<i>Healthy Hearts on the Go: Linking Cardiovascular Disease to Diabetes Management for American Indians</i> Aims to increase engagement in the central Oklahoma American Indian community through innovative, youth-led cardiovascular disease awareness strategies that improve the quality of cardiovascular disease care. The program includes community-based and telehealth interventions that improve lifestyle behaviors such as nutrition and physical activity; increase access to cardiovascular disease interventions; and improve clinical cardiovascular disease measures.	\$150,000
The Wellness Coalition (Montgomery, AL)	<i>HeartLink – Improving Cardiovascular Health in the Alabama River Region</i> Aims to improve the cardiovascular health and health behaviors of uninsured and underinsured adults in Alabama’s River Region. The program also works to improve participant knowledge of self-management techniques through access to primary care, health insurance, free/low-cost medications and community resources and self-management of cardiovascular disease, delivered by trained wellness navigators providing wellness case management and chronic disease self-management education.	\$150,000
2021 Grant Award Total		\$954,311
